

A support program for patients

As you begin your treatment with one of Anylam's products, Anylam Assist™ will provide you with support

Alnylam Assist™ is here to help you access treatment

What is Alnylam Assist™?

The Alnylam Assist™ program offers you support throughout your treatment with an Alnylam product. This includes helping you understand your insurance coverage for your treatment and the options for financial support for which you may be eligible. Alnylam Assist™ also will provide materials that may help start conversations with your doctor and family about your treatment.

When beginning treatment with an Alnylam product, an Alnylam Case Manager will:

Reach out to you and your doctor within 2 business days after receiving a Start Form from your doctor

Help you understand your insurance coverage for treatment and explain financial assistance options for which you may be eligible

Work with your insurance provider to help you get started on treatment as soon as possible^a

Provide you with ongoing product support throughout your treatment

^a The time from when a Start Form is submitted to the time when a first administration can occur may vary for each individual and will depend on factors such as insurance type, the hospital system, and the timely submission of necessary documentation.

Partnering with Alnylam Assist™

Alnylam Case Manager

When you and your doctor choose to begin treatment with an Alnylam product, you will be partnered with a Case Manager. Case Managers are experienced in helping individuals get started on treatment and providing ongoing product support. They will tailor their method of communication to what works best for you.

A Case Manager can **help you understand your insurance coverage** and options for financial support based on eligibility, as well as provide you with educational resources.

If needed, a Case Manager will work with your doctor to help find a place for you to receive your treatment, which may be at a hospital, treatment center, or at your home. Please note that home administration may not be covered by all insurance plans.

To reach an Alnylam Case Manager, call
1-833-256-2748 Monday–Friday, 8AM–6PM.

Alnylam Patient Education Liaison (PEL)

You will also be connected with a Patient Education Liaison (PEL). PELs have backgrounds in nursing and are experienced in educating patients and family members about their disease. PELs can help you in a variety of ways, including providing disease and product education, connecting you to additional resources, and answering questions about treatment with one of Alnylam's products.

The purpose of Alnylam PELs is to provide education to patients, their families, and caregivers. PELs are employees of Alnylam Pharmaceuticals. They are not acting as healthcare providers and are not part of your healthcare team. PELs do not provide medical care or advice. All diagnosis and treatment decisions should be made by you and your doctor.

Getting started with Alnylam Assist™

Understanding your benefits

An Alnylam Case Manager will review your insurance coverage and answer questions about your insurance benefits for treatment with one of Alnylam's products.

Financial assistance^a

Alnylam offers financial assistance programs for eligible patients. After being prescribed an Alnylam product, you can talk to a Case Manager to learn if you may be eligible. Below are examples of two Alnylam Financial Assistance programs.

▶ **I have insurance but have concerns about paying for an Alnylam product**

—Our Commercial Copay Program covers certain out-of-pocket costs for eligible patients with commercial insurance^b

▶ **I'm uninsured, or I have insurance but do not have coverage for an Alnylam product**

—Our Patient Assistance Program may be able to provide you with one of Alnylam's products at no cost if you're eligible

^aPatients must meet specified eligibility criteria to qualify for assistance. Alnylam reserves the right to make eligibility determinations and to modify or discontinue any program at any time.

^bPatients with Medicare, Medicaid, or other government-sponsored insurance are not eligible for the Alnylam Assist™ Commercial Copay Program. Out-of-pocket costs for the administration of Alnylam products will not be covered for patients residing where it is prohibited by law or where otherwise restricted.

Monday–Friday, 8AM–6PM
